Because the Notice of Intention is unapproved at this time, the following terms and conditions are incorporated into the Reclamation Contract:

The Division has determined that the Operator has commenced mining operations without an approved Notice of Intention as required by the Utah Mined Land Reclamation Act, Sections 40-8-1 et seq., Utah Code Annotated, (2005, as amended) (hereinafter referred to as "Act") and the regulations adopted pursuant to the Act.
2. Operator is obligated in accordance with the Act and the regulations to reclaim the land that has been affected by operations prior to this contract, and that may be affected by the mining operations.
3. Operator and the Division have reached an understanding wherein the Operator has provided an adequate surety in an amount determined to be sufficient to cover the current areas of disturbance (ATTACHMENT B).
4. The Division and the Operator have determined that it is reasonable to permit the Operator additional time for approval of the Notice of Intention subject to the terms of the Reclamation Contract.

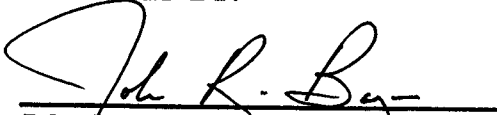

Nothing herein contained shall vary, alter, or extend any provision or condition of the Reclamation Contract.

To the extent any conflict exists between this letter addendum and the Reclamation Contract, these terms shall control.
